2012 DECK FRAMING WORKSHOP

You are cordially invited to the Simpson Strong-Tie Deck Framing Workshop held in conjunction with the NNICC. This FREE half day workshop will focus on the structural code requirements for building an outdoor wood deck. This class is intended to show how our products help you meet the code and we will review everything deck related from ledgers to railings and more.

WORKSHOP DESCRIPTION

This half day workshop is designed for anyone in the building industry who would like more information on designing and building a code compliant deck. We intend on providing attendees with a detailed review of the code requirements based on the International Residential Code, International Building Code and the National Design Specification (NDS) for Wood Construction guidelines, with an overview of Simpson Strong-Tie products developed to satisfy those requirements and do so at the lowest installed cost.

- ◆ 4 Professional Development Hours awarded
- ◆ Continued Educational Units (CEU) for meeting the workshop completion
- ◆ AIBD-Continuing Education Credits awarded

- ◆ Simpson Strong-Tie Co. has been approved as an Authorized Provider by the International Association for Continuing Education and Training (IACET), 1760 Old Meadow Road, Suite 500, McLean, VA 22102.
