

SIMPSON

Strong-Tie

®

- * Professional Development Hours awarded
- * Continued Education Units (CEU) for meeting the workshop completion requirements
- * AIBD Continuing Education Credits Awarded

Workshop Schedule

2012

These workshops are intended to provide those in the industry interested in learning about proper connections with detailed information on Simpson Strong-Tie products used for light frame construction.

Please go online to

www.strongtie.com/workshops to determine which class will best suit your needs. We offer classes focusing on changing building codes and common construction practices as well as lateral systems that includes shearwalls, ordinary moment frames, multi-story applications along with decks, concrete anchorage, cast in-place products, and fasteners with structural solutions.

A light breakfast will be provided at all classes and lunch for full day workshops.
