

NNICC Minutes
January 21, 2009
Associated Builders & Contractors
240 S. Rock Blvd, Suite 121

Chapter President Mike McCullogh called the meeting to order at 12:00 pm.

Mike announced that the Chapter election would take place for Officers and the Board of Directors. Ballots were passed out to all attending members. Mike informed us that the position of Sergeant at Arms would not be voted on at this time as the only nominee was separated from his position.

The December meeting minutes were not read as a meeting was not held.

Charlene Parish gave us a current Treasurers report.

Under new business, Mike discussed continuing education courses which due to current economic situation, ICC has been forced to cut the free code classes and instead will be offering the new 'webinars.' These new webinars will actually benefit the jurisdiction in that it will make the classes accessible for members outside the area in travel time and it will help all departments due to the staff reductions that most of them are facing.

At this point all of the voting ballots had been collected and two impartial Class A members volunteered to count the ballots.

Mike then gave a presentation regarding the 2009 code updates, and in particular the new residential fire sprinkler requirements were discussed.

With the conclusion of Mike's code update presentation, the results of the votes for were read for the Chapter Officers and Board of Directors.

Mike McCullogh adjourned the meeting.
