

NNICC Minutes
March 17, 2010
Associated Builders & Contractors
240 S. Rock Blvd, Suite 121

Chapter President Eric Simonson called the meeting to order at approximately 12:00 pm.

The January Chapter meeting minutes were not available as the Chapter Secretary was out sick during January's meeting.

A current Treasurers report was given by Chapter President Eric Simonson

Eric then gave us an overview on upcoming Chapter sponsored classes that will be held over three days. The first day would be IBC plan review, the second day would be an IRC plan review course and the third day's class is yet to be determined.

Eric also informed the attending members that for those needing CEU's, both the Department of Energy and Simpson Strong-Tie offer online courses.

Eric then called for any announcements or new business, to which there was none.

At this time Eric introduced Russ Cartwright of Interstate Plumbing who gave us a presentation on Utilizing Solar Thermal Energy Systems.

Upon completion of the presentation at roughly 1:10 pm President Eric brought our meeting to a close.
