

NNICC Minutes
September 16, 2009
Associated Builders & Contractors
240 S. Rock Blvd, Suite 121

Chapter President Mike McCullogh called the meeting to order at approximately 11:55 am.

The July meeting minutes were read by Chapter Secretary and approved by the attending members

A current Treasurers report was not given due to issues we are experiencing with our Quickbooks accounting program which is in need of an update.

Mike gave us an update on our tax-exempt status, and asked to make sure everyone who had not cast an early ballot with regards to our voting on changes to our Bi-Law for the tax-exempt status had a ballot to fill out during the meeting. All ballots would be counted after verification after the meeting.

Next Mike brought up a discussion regarding classes for our certification continuing educations credits. He announced that the Chapter in conjunction with Simpson Strong-Tie would be holding a Deck Framing course in November. Mike also indicated that the Chapter would like to schedule three (3) other ICC classes before the end of the year, and would really like some input from the Chapter members on what class topics we would like to see. Mike also brought up the class costs as decided by the Chapter officers at our March 2009 meeting, that any members signed up prior to March 31, 2009 would receive free classes.

At this time Mike asked if there were any announcements. Mike then informed us that he would not be running for re-election as Chapter President. He also indicated that Charlene Parish would most likely not be running for re-election as Chapter Treasurer.

Mike asked if there had been anymore changed to local jurisdiction's days and hours of operation. No further changes have been made.

Mike introduced Dennis Montgomery, P.E. and Aaron Kerson with Mariah Power for a presentation on their companies Windspires wind turbine generators.

After the presentation President Mike McCullogh adjourned the meeting.
